3. What did we learn about the last time I visited your class? What did we do?
4. How do you spell Rex?
5. If you are a loyal friend, are you a good friend ALL of the time or SOME of the time?
6. Where is Mrs. Rex’s office?
7. What are 3 ways you can be helpful at school?
8. What are 3 ways you can be a good, loyal friend?

“Memory Circle”

(Sample Topics)

Point for each correct answer.

1. In a circle, have half of the group say what their favorite color is.
 - Students then have to remember which color belongs to which student. The counselor calls random names and the rest of the class has to say what each student’s favorite color is.
2. In a circle, have the other half of the group say what their favorite color is.
 - Students then have to remember which color belongs to which student. The counselor calls random names and the rest of the class has to say what each student’s favorite color is.
3. In a circle, have half of the group say what their favorite animal is.
 - Students then have to remember which animal belongs to which student. The counselor calls random names and the rest of the class has to say what each student’s favorite animal is.
4. In a circle, have the other half of the group say what their favorite animal is.
 - Students then have to remember which animal belongs to which student. The counselor calls random names and the rest of the class has to say what each student’s favorite animal is.
5. In a circle, have ½ at a time or the whole group say what their favorite food is.
 - Students then have to remember which food belongs to which student. The counselor calls random names and the rest of the class has to say what each student’s favorite food is.
